## Envelope Opener and Contents Extractor

### Why Model 72™?

The most cost-effective extraction desk device for mail extraction, engineered for high throughput rates of with less labour.

Designed with the operator in mind, the Model 72™ extraction desk is the perfect blend of ergonomics, ease-of-use and accessibility. The Model 72™ extraction desk provides an exceptional increase in measurable operator productivity. This adds up to increased operator satisfaction and more efficient mail opening and extracting.

### Features

---

#### Specialised Cutting Technology

Milling cutting uses a smaller cut depth that significantly reduces the potential of cutting contents, which is optimal for a variety of documents including thick and overly filled envelopes. Milling cutting creates a soft, feathered edge which lends itself to additional operator comfort.

#### Memory Verifier Unit

A precise measuring device is included to ensure that all envelope contents are truly extracted prior to the envelope being discarded.

#### Performance Control Centre

The Model 72™ extractor features a control centre that can show envelope count and provide a statistical analysis of operator rates and productivity.

#### Auto-Jogger

Each envelope is auto-jogged to shift contents away from both cut edges to achieve a new level of content protection and the ability to handle a wide array of envelopes.

### Advantages

---

#### Secure

Each envelope is jogged to shift contents away from cut edges to keep contents secure and free from damage.

#### Efficient

The Model 72™ extraction desk is designed to improve extraction throughput, while significantly reducing the amount of labour needed.

#### Flexible

A wide variety of envelopes can be opened safely and accurately.

#### Training

Easy to follow videos and instructor manuals ensure operators are up and running quickly and efficiently.

## Specifications

---

<b>Envelope Feeding</b>	Friction-based feeder up to 22" of mail
<b>Envelope Width</b>	3.5" – 6.38" (8.89 cm -16.21 cm)
<b>Envelope Length</b>	5" – 11.5" (12.7 cm x 29.21 cm)
<b>Envelope Thickness</b>	Up to 0.375" (0.953 cm)
<b>Cycle Rate</b>	Up to 3,600 mail pieces per hour
<b>Top Cutter</b>	Milling
<b>Dimensions (H x W x D)</b>	47" x 76" x 41" (119.4 cm x 193 cm x 104.1 cm)
<b>Additional Features</b>	Verifier Operator LCD Integrated workstation Tray Holder
<b>Daily Duty Cycle</b>	Unlimited
<b>Popular Optional Features</b>	Ergonomic desk chair
